

Hello,

How are you? I hope you enjoyed the long-weekend. It's been a busy summer and the TAPA team is excited to be moving at the end of the month to our new office at 1100 Bathurst Street where we will be launching a Rehearsal Hall, a DIY Self-Tape Space, and an Audio Recording Studio. This is a transformative moment in the history of TAPA!

It's called '**B Street**' and will benefit independent artists and organizations by offering affordable and accessible creative spaces. In the past two years several artistic spaces in Toronto have closed down; the space challenges in our arts & culture sector are acute. TAPA is responding by creating a new hub to foster creativity and artistic expression. We can hardly wait to work with the community. Please help us make **B Street** a success by making a donation today which will help us to reach our one month fundraising target of \$50,000.

Your donation will directly benefit the artists and underwrite the new space expenses to keep them affordable. [Click here for a Sneak Peek of B Street.](#)

Now is the time. I hope you will consider supporting TAPA and make a donation today to support our continued work in the recovery of the live performing arts. No gift is too small. It's easy to make a donation: here is the link to [CANADA HELPS](#). All donations receive a tax receipt and your name will appear on the TAPA website.

With heartfelt thanks,

**Board of Directors**
