Subject: RE: Letter from Ontario Arts Council to Canada Council for the Arts

Dear Peter,

I am deeply disappointed to receive this type of letter from a fellow arts funder.

The tone of the letter is unfortunate. The Canada Council will not engage in this way since we have many other mechanisms and forums to discuss and advance collective understanding of issues with regards to public arts funding. As a national funder, the Canada Council is committed to a fair, rigorous and transparent approach across all jurisdictions and will not encourage a divisive approach.

We look forward to presenting an overview of Canada Council funding in Ontario at the Town Hall in Toronto on Thursday, September 27th.

Sincerely,

Simon
